

Give Guests More  
of What They Love  
Effortless Entertainment

X<sup>2</sup> TV empowers guests to easily stream content from their personal devices to the in-room TV via Chromecast™, AirPlay® and Wi-Fi CERTIFIED Miracast™. Meanwhile, our Interactive Program Guide provides quick access to popular television programs and premium content. All of this is delivered through a branded, multi-lingual welcome screen that can be customized to include hotel services, local attractions, weather, personal messages and more.

#### Multi-Platform Technology

Wireless streaming from popular Apple®, Android™, and Windows® devices.

#### Interactive Program Guide

Detailed channel and show listing so guests can quickly access their favorites.

#### Easy CMS with Remote Access

Manage multiple locations, customize communication and monitor usage.

#### Custom Branding

Integrate your hotel's branding and drive loyalty with targeted messages and promos.

#### PMS Integration

Welcome guests by name, send personal or group messages, offer folio review and in-room checkout.

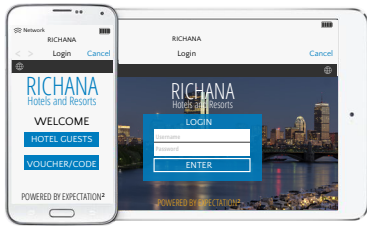

#### World Class Service

Cloud-based technology provided by hospitality experts with 24/7 service for both guests & staff.

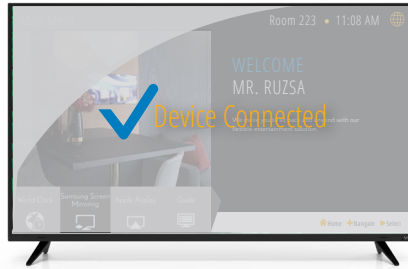

## Step 1: Log On

Guests simply log onto the hotel WiFi as normal

## Step 2: Connect

Easily connect any Apple®, Android™ or Windows® device

## Step 3: Enjoy

Stream favorite content or use the interactive TV

# INTUITIVE FOR BOTH GUESTS & STAFF

We do not discriminate - we've integrated with Chromecast™, AirPlay®, and Miracast™. Designed with an open architecture, there are no apps to download and no middleware to mess with. Guests benefit with the ability to stream content from their favorite devices while hotels earn BFF status for delivering robust content in the simplest of ways.

## WE'VE THOUGHT OF EVERYTHING

- Multi-level employee access including in-room maintenance reporting for housekeeping
- Child-lock on age restricted movies
- Modify backgrounds at different times of the day to subliminally promote in-house services
- Live system and tamperproof hardware
- Generate additional revenue by partnering with local and national companies to promote off property service
- Deploy unique guest and/or group message on a per TV basis
